

boots, or breakfast? The one who has the power is as the other. No man has rights to a newspaper unless he pays for it. If he does not give his money, and defrauds the printer of his labor. Think of this in future: if you think it worth reading—if you want to see, don't borrow it.

warding the money for payment. Since
he took no notice of this nor sev-
eral notices of refusal to take the
money from the post office. The result of
this was that the Khaki Inspector did
not pay Mr. Harding the whole of
the money for several years, yet he
during the period claimed in the bill
for the money.
